

# JANE BROOK ESTATE WINES

## 2009 MARGARET RIVER SAUVIGNON BLANC

This 100% Sauvignon Blanc is from the Jane Brook "Shovelgate Vineyard" in Margaret River.

### WINEMAKING / VITICULTURE :

This wine displays a bouquet which is pungent and varietal with red capsicum, exotic spices and fresh herbal notes.

The palate is generous, fresh & complex. Crisp acidity provides balance to a structured palate that has a long, clean finish.

The grapes were picked in the cool of the night and fermented at 13 degrees. A small portion was drained to seasoned French oak barrels for fermentation. The oak portion was blended back and balanced prior to bottling in July.

This fresh, vibrant wine should be enjoyed with char-grilled scallops, natural oysters and antipasto plates in the summer months.

### VINTAGE CONDITIONS :

Following a winter of average rainfall, Margaret River experienced a late budburst and a long, cool growing season leading to fully balanced, intensely flavoured wines.
